

FEDERICO OTÁLVARES

UX DESIGNER & FULLSTACK DEVELOPER

ABOUT ME

Hello! I'm Fede, a UX Designer and fullstack developer. With a passion for design, I enjoy creating intuitive and engaging digital experiences. My extensive knowledge in web development allows me to create functional solutions from front-end to back-end. Throughout my extensive teaching experience, I have developed effective communication skills and empathy, enabling me to understand the needs and priorities of users. My approach and ability to combine aesthetics and functionality make me a unique and versatile profile in the world of design and development.
